Diversity and Independence of the Board of Directors

I. Professionalism and independence of the Board of Directors.

The Company adopts the "Candidate Nomination System" for the election of directors, which is approved by the Board of Directors and submitted to the shareholders' meeting for election. In accordance with Article 20 of the Company's Corporate Governance Code, the members of the Board of Directors should generally possess the knowledge, skills and qualities necessary to perform their duties. In order to achieve the desired objectives of corporate governance, the Board of Directors as a whole should have the following capabilities:

1. Operational judgment ability.
2. Accounting and financial analysis skills.
3. Operation and management ability.
4. Crisis handling ability.
5. Industry knowledge.
6. International market outlook.
7. Leadership.
8. Decision-making ability.

II. Diversity of the Board of Directors

Article 20 of the Company's "Corporate Governance Best Practice Principles" stipulates that the composition of the Board of Directors should consider diversity. The Company should formulate appropriate diversity guidelines with respect to the Company's operation, operating style, and development needs, including basic qualifications and values (e.g., gender, age, nationality and culture), professional knowledge and skills (e.g., legal, accounting, industrial, financial, marketing or technology), professional skills, and industry experiences.

The current Board of Directors of the Company consists of 11 directors, including 3 independent directors and 1 female director. The members have extensive experience in finance, management, industry, international, and regulatory fields. The percentage of independent directors is 27.3%; the percentage of female directors is 9.1%. The company values gender equality in the composition of the board of directors, with at least one female director and a goal to achieve a 30% female director ratio by the year 2025.
